

Mr. Powell, I was brought to this wonderful country at the early age of two. My family made this painful choice because, they wanted a future filled with possibilities for their children. As you know, Cuba is a communist country, when I found out about your decision to allow Sinclair Broadcasting to air this programing "stolen honor", it made me think of my parents and their reasons for making that painful choice of separating us from our heritage and family, for "freedom". I question that interpretation of "freedom" now. In my humble opinion, it would be wise, if not prudent, to reconsider your decision. It is an honor for me to be able (still) to express my views and opinions, please don't take that away from us! A proud American, Yours truly, Fidel Hernandez.
